Free-Standing Curved Wall Application

TOP BLOCK

GARDEN CORNER BLOCK

BOTTOM BLOCK

Redi-Rock's freestanding blocks have textured faces on both sides of the block. Besides looking great and adding an aesthetic appeal to your property, these free standing walls can also function as guardrails or barrier walls to protect areas from errant traffic or other threats. Redi-Rock's Freestanding blocks can be used in conjunction with Redi-Rock's other products as well.
